SKILLS/TOOLS

Front-End Web Development, HTML, CSS, JavaScript, React, Angular, Vue.js, Bootstrap, tailwindCss, SASS, Git, Responsive Web Design, UI/UX Design, Cross-Browser Compatibility, Web Accessibility, RESTful APIs

WORK EXPERIENCE

Front-End Web Developer, AHER VENTURES

August 2019 -

Present

- Introduced to web development and gained practical experience in front-end technologies
- Collaborated with the development team to build and maintain web applications
- Assisted in creating responsive and visually appealing user interfaces using HTML, CSS, and JavaScript
- Familiarity with front-end frameworks and libraries like React, Angular, and Vue.js
- Contributed to cross-browser compatibility testing and web performance optimization
- Gained exposure to version control and collaboration using Git

Front-End Web developer, Univelcity

November 2022 -

Present

- Developing and implementing front-end web solutions using HTML, CSS, and JavaScript
- Collaborating with designers and backend developers to create responsive and visually appealing user interfaces
- Utilizing front-end frameworks such as React, Angular, and Vue.js to build interactive web applications
- Ensuring cross-browser compatibility and optimizing web performance
- Incorporating best practices in web accessibility and user experience design
- Working with RESTful APIs to fetch and display data on web applications
- Version control and collaboration using Git

PROJECTS

Random Quote Machine (<https://random-quotes-machine.com>)

- Developed a web application using ReactJS that displays random quotes
- Implemented features such as fetching quotes from an API and dynamically updating the UI
- Utilized React components, state management, and event handling for interactive functionality
- Applied responsive design principles for optimal user experience across devices
- Demonstrated proficiency in front-end technologies, including HTML, CSS, JavaScript, and ReactJS

Personal Portfolio (<https://personal-portfolio.com>)

- Created a personal portfolio website using HTML, CSS, and JavaScript
- Designed and developed an interactive and visually appealing interface to showcase skills, projects, and achievements
- Utilized responsive web design techniques for optimal viewing across different devices

- Demonstrated creativity, attention to detail, and UI/UX design principles

EDUCATION

Al-Hikmah University Ilorin, Kwara State, Nigeria

September 2017 -

August 2021

· BSc. Computer Science, Second Class lower Honors

LEADERSHIP ACTIVITIES

Vice president NACOSS Al-Hikmah (National Association of Computer Science Students)

I was charged with the responsibility of serving as a guide for students in the department by organizing tutorials and workshops to get them up to speed in challenging courses.

ACHIEVEMENTS

- Project Completion Award: Received an award for successfully completing a complex project within a tight deadline, demonstrating strong project management and problem-solving skills.
